

Lake Oswego Parks and Recreation Hike & Ramble Schedule for Fall 2026

General Information: This document lists hikes planned for Fall 2026. Join us on group Hikes, easier Rambles, or mid-level Easy Hikes, planned and led by volunteers. Priorities are to enjoy healthy activity in beautiful natural surroundings with friends. Outings are planned for Tuesdays and Thursdays, most within two hours' drive of Lake Oswego. Pets are not permitted. **If you have a cough, fever, shortness of breath, feel unwell or have been in contact with anyone with these symptoms in the last 24 hours, please refrain from participating in Hikes and Rambles.**

Updates: This preliminary schedule should be used for planning purposes. Weather, road and trail conditions may necessitate changes at the time of a hike. On rare occasions, hikes may need to be canceled due to region-wide hazardous conditions, such as wildfires, etc. In addition, hikes and rambles may be canceled if the Lake Oswego Parks & Recreation Department has an emergency closure; see www.ci.oswego.or.us/parksrec. These changes are posted in the LOHikes website, www.lohikes.org as soon as possible. Each hike is scouted by its leaders shortly before hike day and updates are posted the weekend before the hike on the LOHikes website, and in the weekly, emailed newsletter. To subscribe to the newsletter, please send a request with your name and preferred email address to lohikesnews@gmail.com.

Meeting Places, Times & City Fees: All hikes and rambles leave from Lake Oswego Westlake Park (WP), at the [WEST parking lot](#). Individual hike descriptions may include second meeting times and places (see the table below for standard 2nd meeting place locations). No pre-registration is required. Departure times and round-trip drive miles are listed at the bottom of each hike description. Please arrive at least 15 minutes before the departure time to pay a \$1 Parks & Rec fee and sign the hike roster. You will also be asked to sign a liability release once each year. You may want to participate in carpools and/or get driving instructions. We leave promptly at the stated times. Return times will vary, depending on hiking and driving distances.

Carpooling & Diver Donations: Carpools may be arranged among participants at the meeting places. **Please note that a driver may require that passengers wear a mask while in their car.** For those who have arranged to share a ride, suggested carpool donations to your driver, based on round-trip mileage to the trailhead, are listed in parentheses (\$ from 1st meeting place/\$ from 2nd meeting place) at the bottom of each hike description. Exact change is appreciated. Bridge tolls and entrance or parking fees per car are listed separately and are shared among car occupants. Hike descriptions also specify if Park passes are required and drivers are responsible for obtaining these prior to the hike. The most common Park passes can be obtained online.

- A Northwest Forest Pass (NWFP) may be required for each vehicle at selected trailheads in National Forests. NWFP can be purchased online at: store.usgs.gov/forest-pass.
- In lieu of a NWFP, seniors can purchase a yearly or lifetime America the Beautiful pass online at: nps.gov/planyourvisit/passes.htm#senior-passes
- A Washington Discover Pass (WDP) is required on most Washington state-owned land. WDP can be purchased online at: discoverpass.wa.gov.
- An Oregon State Day-Use Park Pass (OSPP) (Daily or Yearly) can be purchased online at: store.oregonstateparks.org. OSPP may also be available at REI and at some Oregon State Park trailheads.

What to Wear/Bring: Leaders may refuse to take anyone judged not properly equipped or prepared. Participants accept responsibility for their personal safety. Wear clothes suitable for weather conditions. Breathable, moisture-wicking layers are ideal. Sturdy, lug-soled, waterproof walking shoes or boots are recommended. Bring a daypack containing lunch and trail snacks, sufficient water, sun protection, extra jacket or vest, rain gear or umbrella, a face covering and personal items such as sunglasses, insect repellent, first aid kit, compact space blanket, whistle and flashlight. Bring extra shoes and a plastic bag to put muddy items in for the return trip. (Your driver will thank you.) Hiking poles are often helpful, but optional. Ticks and poison oak may be encountered.
